Addition Information

Our products also comply with below EU standard: REACH 1907/2006

As manufacturers authorized representative established within EC, we declare under our sole responsibility that the equipment follows the

Shenzhen ICHECKEY Technology Co.,Ltd.

B302, Building 4, TianYanXuan, No.1 Lane14, Bantian East Village, Bantian Street, LongGang District, Shenzhen China.

provisions of the Directive stated above.

CE marking was affixed on this product.

A statement of how the product is not subject to the recall.

To ensure that products can be easily distinguished from any recalled products, we have taken the following steps:

- 1. New Serial Numbers:** Whenever release an updated or corrected version of a product, assign new and distinct serial numbers to these items. By doing so, it becomes easier for both ourselves, customers and Amazon staff to identify the latest version of your product, which helps avoid any confusion with previously recalled items.
- 2. Improved Packaging and Labeling, User manual :** Enhance the packaging and labeling, User manual to clearly highlight any updates or improvements have made to the product. Ensure that the packaging clearly states the revised features, manufacturing dates, and any additional certifications or safety measures that differentiate it from previous versions.
- 3. Date of Manufacture:** Make it a practice to prominently display the manufacturing date on your product and packaging. This information will assist customers and Amazon personnel in identifying the most recent version of your product, minimizing the chances of confusion with older recalled stock.
- 4. Transparent Communication:** Maintain open lines of communication with your customers. Clearly communicate any changes or updates you have made to your product through product descriptions, FAQs, and customer support channels. This will help build trust and provide reassurance that the item being purchased is not associated with any recalls.
